PROFILE SUMMARY

Motivated Computer Engineering student at Vidyalankar Institute of Technology, Mumbai, specializing in Full Stack Development and Cybersecurity. Skilled in React, Spring Boot, Java, MySQL, and Firebase, with experience developing scalable web applications and implementing secure development practices. Passionate about solving real-world problems through technology, continuous learning, and building reliable, user-centric software solutions.

TECHNICAL SKILLS

Programming Languages : Java, C, C++, Python, ECMAScript 6 (ES6)

Frontend : React.js, HTML5, CSS3, Bootstrap

Backend : Spring Boot, RESTful APIs

Databases : MySQL, Firebase Firestore, Firebase Realtime Database

Cybersecurity : IAM, Network Security, Vulnerability Assessment, OWASP Top 10, Authentication & Authorization

Tools : Git, GitHub, Agile/Scrum, Test-Driven Development (TDD)

Cloud & Deployment : Vercel, Render

PROFESSIONAL EXPERIENCE

MobileApplicationDeveloperIntern V2VEdTechLLP

Jun 2024 – Jul 2024

- Contributed to end-to-end development of a mobile application serving 200+ active users, gaining hands-on exposure to full SDLC in a startup environment.
- Solved real-world product problem statements across 3+ feature modules, accelerating project delivery timelines.
- Collaborated with senior developers using Agile workflows, improving sprint completion rate and code review efficiency.

Website Design & Development |Studio

Dec 2025 - April 2026

- Developed responsive websites using HTML, CSS, JavaScript, Bootstrap, and React, Optimized website performance, resolved UI issues, and enhanced user experience by following modern web development best practices.
- Collaborated remotely with designers and developers to transform UI/UX designs into interactive, pixel-perfect web pages while meeting project deadlines.

PROJECTS

Talent Flow | [React](#), [Vite](#), [Spring Boot](#), [MySQL](#)

- Engineered a full-stack internship portal and recruitment platform enabling HR teams to post listings, screen applicants, and manage pipelines — reducing manual hiring effort through an intuitive admin dashboard.
- Designed and implemented student-facing application flows with real-time status updates, improving transparency and user engagement across the hiring lifecycle.

RoadWatch | [React](#), [Vite](#), [MySQL](#), [Firebase](#)

- Built a citizen complaint reporting system allowing users to report road and infrastructure issues, complete with geotagged submissions and real-time status tracking.
- Developed a role-based admin dashboard for municipal authorities to categorize, assign, and resolve complaints — streamlining civic issue resolution workflows.

Sahayak | [React](#), [Vite](#), [Spring Boot](#), [MySQL](#)

- Developed a smart local services platform enabling users to discover, book, and manage trusted service providers with secure authentication and role-based access.
- Implemented features including online booking, Razorpay payment integration, service tracking, reviews & ratings, and an admin dashboard for efficient platform management.

EDUCATION

B.Tech – Computer Engineering

CGPA: 8.9

Vidyalankar Institute of Technology(VIT)

Diploma – Information Technology

91.00%

Shivajirao S. Jondhle Polytechnic, Asangaon

SSC – Secondary School Certificate

71.00%

Sanskar English Medium School, Anjur

ACHIEVEMENTS & LEADERSHIP

- **Best Team Leader – Hack the Flame Hackathon 2025:** Led a cross-functional team to deliver an innovative solution under competitive conditions, recognized for strategic thinking and execution.
- **Student of the Year – April 2024:** Awarded for outstanding academic performance and overall institutional contribution.
- **Internshala Student Partner:** Elected campus ambassador representing 100+ peers in career development and industry networking.

CERTIFICATIONS

- **Software Engineer Certificate** – HackerRank
- **Cyber Security Analyst Job Simulation** – Tata Group (Forage)
- **Introduction to Cyber Security** – Simplilearn
- **Getting Started with AI on Jetson Nano** – NVIDIA Deep Learning Institute (DLI)
- **Deloitte Technology Job Simulation** – Technology consulting and software engineering.
- **Deloitte Data Analyst Job Simulation** – Data analytics and business insights.
- **Infosys Springboard – CSS Program** – Web development and software engineering fundamentals.
- **TCS Young Professional Program** – Workplace readiness and professional skills.
- **Leadership Skills Certificate** – LearnTube.ai
- **Pixel Perfect Hackathon** – Sardar Patel Institute of Technology (SPIT)
- **Augenblick × TSEC CodeTantra Hackathon 2026** – Hackathon Participation Certificate.
- **Agentic AI Workshop** – Google Developer Groups (GDG)
- **Basic Life Support (BLS) / CPR Training** – Fortis Hospital
